**Detailed Action**

**Examiner's Amendment**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Joe Gorski on March 29, 2006.

The application has been amended as follows:

**In Claim 14, the following is added to the end of the claim:** "...wherein said resilient member has length L1 from said connected portion to said fixed portion, the length L1 satisfying a relationship  $L2/L1 \geq 0.5$ , where L2 is a length from said rotation-supporting portion to said connected portion."

**Claim 18 should read:** "The head supporting assembly according to claim 14, wherein said resilient member is a plate spring."

***Response to Amendment***

1. The reply filed on March 21, 2006 was applied to the following effect: Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

***Reasons for Allowance***

2. Claims 1,2,4-9, and 11-21 (renumbered as 1-19) are allowed.
3. The following is an examiner's statement of reasons for allowance:

Art Unit: 2653

This application is for a head supporting assembly.

- **Claims 1 and 14** specify a head supporting assembly, which requires:

*“... and wherein said resilient member has length  $L1$  from said connected portion to said fixed portion, the length  $L1$  satisfying a relationship  $L2/L1 \geq 0.5$ , where  $L2$  is a length from said rotation-supporting portion to said connected portion.”*

These features, in combination with the other features of Claims 1 and 14, are not anticipated by, nor made obvious over, the prior art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
